RAILROAD MATTERS.

The Colored People in Council in Reference to the Proposed Coast Line Railroad.

WILMINGTON, N. C., Jan. 17, 1883.

Pursuant to a call published by E. F. Martin, in the state papers, convening the stockholders of the Wilmington, Wrightsville & Onslow Railroad, a meeting was held at the Court House in Wilmington, composed of some of the leading colored men in the state, where the project was discussed at length and generally sanctioned.

On motion, John C Dancy, of Tarboro, was elected Secretary, and the representatives of the various newspapers of the State Assistant, Secretaries.

The views of those present were solicited, when John C Dancy and J C Price made strong speeches in advocacy of the enterprise. They argued that the industrial enterprises were to work out the salvation of the race, and that with them success is sure.

E F Martin, the contractor, made some pertinent and timely remarks, pointing out the ease with which the road contemplated could be completed.

G W Price went into a geographical and descriptive discussion of the road, and held that in no part of the state could a road be constructed at comparatively so small cost as the one projected. He suggested the appointment of a committee to draft resolutions expressive of the meeting.

Lloyd, of Pender, spoke at length in favor of the road and insisted that it could and should be built.

The following committee on permanent organization was appointed by the Chairman: J C Price, J C Dancy, Geo T Wassom, Geo C Scurlock, E F Martin, Owen Burney, William Stith, J C Nixon, Geo W Price, Jr., A F Lloyd and J G Dry.

The committee was requested to meet at 2:30 o'clock.

The meeting adjourned to meet again at 3 o'clock.

The meeting was called to order at 3:10 o'clock, p. m., by J G Dry.

The committee on permanent organization recommended the following as permanent officers of the same, viz:

Jos C Price, President.

Jas G Dry, Vice President.

J. C. Dancy asked that the charter be read. Pending which John C Dancy and J C Nixon, were elected permanent Secretaries.

Geo W Price opposed the reading of the charter in a lengthy speech, in the course of which he paid E F. Martin, the projector, a merited compliment.

A F Lloyd attempted to enter into a discussion of the charter, but was declared out of order.

John C Dancy again spoke, strongly defending the proposed railroad and answered all the attacks made upon it by its enemies.

The following committee was appointed to see petitioners and secure proper transfer for them, viz: E F Martin, George W Price and Geo T Wassom.

On motion a committee consisting of J B Dudley, Jos E Sampson, John Holloway, W M Smith, Geo W Price, E F Martin and F C Sedgwar were appointed to make estimates of cost of road per mile, &c.

John C Dancy offered the following resolution as expressive of the sense of the meeting which was unanimously adopted:

Whereas, It is the sense of the meeting that the people of Wilmington, Wrightsville and Onslow are sadly in need of a Coastline Railway; therefore, be it.

Resolved, That we, the stockholders of said road, by virtue of transfer made to us by the original petitioners for the charter of said road, do pledge its completion standard guage, our moral and financial support.

SECOND DAY.

Wilmington, Jan. 18, 1883.

Meeting of stockholders called to order by Rev J C Price, Chairman. Prayer by Rev Vaughan.

Minutes of previous meeting read and approved with proper corrections.

Report of committees was called for, whereupon Wassom stated that the committee could only report progress, as the matter before them is of such importance that the success of the Railroad would depend materially upon their work. Committee was granted further time to prepare their work.

The report of the committee on Estimates, &c., was next called for. F. C Sedgwar for the committee stated that the committee had not completed its work, but had called upon the private Secretary of a prominent railroad official and succeeded in obtaining the following facts, to wit: Cost of grading per mile $600, cross-ties per mile $600, steel rails, 40 pounds to the yards per mile $1,170.

The report as made was adopted and the committee given further time to complete its work.

E F Martin moved that a committee of nine be appointed to name Directors and report the result of their work to the stockholders at to-night's meeting. Martin strongly supported his motion in very pertinent remarks.

Geo W Price, Jr., thought as Martin, and gave very lucid reasons why the proposition should meet with very general approval.

Scurlock could not see the wisdom of such a motion until a further stage of our progress, and therefore hoped the motion would not prevail.

J C Dancy said he could see no impropriety in the appointment of a committee to name suitable directors, as such work would facilitate and simplify the labors of the company.

Geo T Wassom favored the motion. He said E F Martin is verily the Toussaint L'Ouverture or Benjamin Banneker of the present time.

Rev Joseph C Price favored the motion with some very appropriate remarks.

The motion then prevailed.

The committee was then appointed as follows: Geo W Price, chairman; Geo C Scurlock, John C Dancy, G T Wassom, E F Martin, S N Hill, William Stith, F C Sedgwar and J D Dry.

The name of Rev Jos C Price, chairman on motion, was added to the list.

On motion, the meeting adjourned until 7 o'clock p m.

The stockholders met again at 7 o'clock p m pursuant to adjournment, to hear the report of the committee to select suitable persons for the Directors of the proposed Road.

Geo W Price entertained the meeting with a very suggestive speech on the practical results that would follow in the wake of the efforts now planned.

Alfred Lloyd made a sound and sensible speech pointing out the many advantages that will flow from the completion of the Road as contemplated.

John C Dancy summarized the work done and the work proposed.

Rev J C Price being loudly called for, made an able speech on the prospect of the Road; enumerating the main points requiring immediate action and what should be done in order to raise funds to begin at once upon the work of the Road. Messrs Devane and Lloyd also made some remarks which were well received. The directors then retired to elect permanent officers for the Company.

The meeting then adjourned.

The Directors after due deliberations elected the following as suitable officers of the Company:

President—E F Martin, Wilmington.

Vice President—George W Price, Jr., Wilmington.

Secretary and Treasurer—John C Dancy, Tarboro.

Attorney—Geo T Wassom, Goldsboro.

E F Martin afterward declined the Presidency, whereupon Joseph C Price was elected President and E F Martin chosen as General Superintendent.

CORRECTIONS OF THURSDAY'S PROCEEDINGS.

J D Dry, of New Hanover, was unanimously elected temporary chairman, and made a very interesting speech on taking the chair.

Rev Jos C Price was called upon and offered a very fervent prayer for the men and the success of the proposed railroad.

J G Dry should be J D Dry.

Geo W Price, Jr., refused the Secretaryship of the Company.

Lodged in a Bath.

A newly-married pair, who arrived on their honeymoon trip at a celebrated Scotch watering-place at a time when accommodation was at a premium, had a mattress spread for them by a compassionate innkeeper in one of his baths. In the middle of the night the house was alarmed by loud shrieks proceeding from the nuptial chamber. What was the matter? Well, this. The young bride, wishing to ring for a maid, had caught hold of what she supposed to be the bell-rope, and pulled it smartly. Unhappily for her and her suppose, it was the cord of the shower-bath over their heads, and forthwith down plumbed such a deluge of cold water as would throw a damper upon the most devoted of honey-mooning couples. Her husband, in dismay, caught frantically at another cord on his side of the extemporized couch, but the only response was an equally liberal deluge of water this time it being nearly boiling hot. The unhappy pair then screamed in unison; and the bride; in the excitement of the moment, uttered sentiments anything but complimentary to the fond spouse. When the servants came, they were just in time to rescue the unlucky pair from drowning, for the room was already half full of water, and the wife was perched like a monkey on her husband's back uttering the most lamentable cries, while her good man was rambling about in the dark, trying his best to find the door.—*Exchange.*

The Redemption of Postal Cards.

The discontinuance by the Postoffice Department of the practice of redeeming spoiled postal cards is a mistake. Either all stamped stationery should be redeemed when not used or none. The distinction between a stamped card and an envelope is one without a practical difference and is causing constant complaint on the part of the public. The plea that a postal card is too cheap to admit of redemption is nonsense; for that matter a gummed and stamped envelope is quite as cheap in proportion to the service it commands, yet it is redeemed when spoiled in addressing. The plea that redeeming the cards induces carelessness in their use and voluntary mutilation is absurd. People do not walk to the Postoffice and purchase cards in order to amuse themselves by misaddressing them. The public might well make answer to the Postmaster General as did the seasick voyager whose friend inquired if he was ill. "Ill! Do you suppose I am doing this for fun?" Does the Postmaster General suppose the public finds it particularly jolly fun to at the old discount should be resumed.

Among the papers left behing him by a German physician who died a few weeks ago is one containing notes of certain conclusions he had arrived at during a professional experience of more than forty years. In one of these notes he expresses an opinion that at least a third of the illnesses of the patients who sought his advice were purely imaginary. He found it not only against his own interest, but also against that of the self alleged sufferers by informing them that there was really no cause for anxiety. Ill health was to them a matter of almost vital importance. To destroy the pleasing belief that they possessed this blessing was an absolute cruelty. In the few instances in which he broke to them the terrible truth that they were quite well he found that the result was gain ultimate illness. For the patients all interest in life departed with their favorite occupation of nursing themselves, and their health became seriously affected by nervous depression. He also found that, as a rule, weakly persons live longer than strong ones. Without going so far as to say that the best lives are those rejected by the insurance offices, he thought nevertheless that persons with 'a screw loose' more often attain longevity than those in whom no trace disease can be detected.

The vicissitudes of fortune have rarely had a sadder illustration than in the death of Gen. John G. Martin in New York recently. Before the war he owned 300 slaves, and during the late war was a gallant Major General in the Confederate army. He died in extreme poverty—an actual pauper.

Mr. Tilden is not pleased with the appointments which Mayor Edson is making. Mr. Kelly thinks they are very good and judicious. The peculiarity of those men is that they are each inclined to be too much sweetness of disposition toward each other.

It is understood that after visiting some cities in the southern states the Princess Louise will embark at Richmond, Virginia, on a British man-of-war and proceed to Bermuda, where she will remain during the most severe portion of the winter, as her health suffers from the intense cold.

Elopement.

When you see in the morning paper a resolution to make this day a holiday one to a fellow-creature, it is safely done; a left off garment to the man who needs it; a kind word to the sorrowful; an encouraging expression to the striving—letter in the sun-beam as light as air—gift on at least the twenty-four hours. And if you are young, depend upon it, will still be; if you are old, rest assured it will speed you gently and happily down the stream of time to eternity. By the same simple arithmetical sum, look at the results. If you send one person away happier through the day, that is 365 in the course of a year. And suppose you live forty years only after you have commenced that course of meditation, you have made 14,600 persons happy—at all events for a time.—*Sunday Herald.*

PROVIDENCE BRYANT, Jr.

Hon. John W. Shackelford.

We regret to learn of the death of Hon. J. W. Shackelford, the member of Congress from this district. He died in Washington Thursday last. His first public service was in the Legislature, 1872, then he served two terms in the Senate, 1876 and 1878. His term would have expired in March.

The Vice-Regal Party.

The Vice Regal party arrived at the Front Street Depot yesterday morning at 8 o'clock. They were seen by no one however, not even excepting Mr. Sprunt the British Vice Consul at this port. They were off for Charleston at 9:30 o'clock where they will take ship for the Bermudas.

Owing to the absence of the editor-in-chief, the local reporter, the business entanglement of the machine poetry-man and the sad indisposition of the foreman—to do anything—the POST is compelled to ask the kind indulgence of its myriad of free readers for its numerous short comings this week, promising in the future to do better—or satisfied with this apology, all we have to say is, that he is awful hard to please.

Drowned Near Smithville.

A small boat, with the colored stevedores in it, in the employ of Williams & Waddell, was accidentally upset between 5 and 6 o'clock Monday evening last, while on the way from the Norwegian bark Lena to Smithville, and two of the men, James Betts and Louis Dudley, were drowned. The accident was the result of a panic, caused by the boat running into the bow of a lighter anchored in the stream nearly opposite the garrison, which frightened the men, who all rushed into the bow of the boat and swamped her. Assistance was sent to the imperilled stevedores and all were picked up except the two mentioned.

Liquor Dealer's Association.

A meeting of the Wilmington Liquor Dealer's Association was held last evening at the hall of the Howard Relief Fire Engine Co. A resolution was adopted petitioning the State and city authorities for a reduction of the taxes now imposed upon dealers.

The following officers were elected, viz:

President—W. H. Gerken.

Vice President—J. G. Oldenbuttel

Recording Secretary—J M McGowan

Corresponding Secretary—Julius Lajus.

Treasurer—F. W Ortmes.

The meeting adjourned to meet next Tuesday evening at 7:30 o'clock.

The following Board of Directors were elected for the ensuing year for the Wilmington, Wrightsville and Onslow Railroad: E F. Martin, Geo. W. Price, John G. Norwood, Jos. E. Sampson, Daniel Howard, Daniel A. Sedgwar, E. E. Gregg, D. J. Sandlin, John Holloway, Jas. D. Dry, J. W. Hood, J. C. Price, J. C. Dancy, Geo. T. Wassom, W. G. Coleman, James H. Harris, Wm. Stith, Wm. Devane, W. A. Hopkins, Alfred Lloyd, John H. Williamson, F. E. Smith, Samuel N. Hill, Augustus Street, Geo. Scurlock, E. G. Gardner, Jas. Pitsburg, Pa., D. A. Mount, Grand Rapids, Mich., J. G. Burke, New Orleans, La.

Jos. C. Price, President, Greensboro; G. W. Price, Vice President; J. C. Dancy, Treasurer, Tarboro; E. F. Martin, General Superintendent, Wilmington.

New Superintendent.

We learn that Col. S. U. Jones, late Superintendent of the Cape Fear and Yadkin Valley Railroad, has been tendered, and accepted the position of Superintendent of the Carolina Central Railroad.

Marriage at the Poor House.

Mr. Charles Reid and Miss Hepsy Jane Baxter, were united in the holy bonds of wedlock at the County Poor House Thursday night; the lady was a former inmate of the institution. Quite a number of gentlemen were present.

Painful Accident.

Mrs. Dr. J. T. Schonwald, of this city, met with a very painful accident at the residence of her son-in-law, Mr. Ed. G. Barker, on Front, between Church and Castle streets, on Monday night, about 9 o'clock. It appears that Mrs. Schonwald took one of her grandchildren in her arms, a little girl about six years old, and started from one room to another, in reaching which she had to pass around the stairway. Unfortunately, however, instead of taking the proper course, she stepped through the opening and fell the whole length of the stairway, with the child in her arms. Mr. Barker heard the fall and rushed to the scene, and noticing the two lying at the foot of the stairs perfectly quiet and apparently motionless, his heart almost ceased its pulsations under the terrible apprehension that they were both dead. Upon reaching the spot, however, he found that they had not sustained serious injuries, Mrs S having repressed any inclination to make an outcry under the motherly instinct that it might seriously frighten her daughter, who was lying ill in the room she had just left. The son of the injured lady, Dr. J. T. Schonwald, Jr., and another medical gentleman were summoned, who, upon investigation, announced that her left arm was broken and her right ankle sprained, while the child had sustained an ugly flesh wound over the right eye. At last accounts Mrs. Schonwald was resting as easy as could be expected, and hopes are entertained that she will soon entirely recover from her injuries, and that Mr. Barker's little daughter will also speedily get well.

"L'EVANGELISTE." Alphonse Daudet's New Novel, which is now creating such a great sensation in Paris, is in press, and will soon be published by T. B. Peterson & Brothers, Philadelphia, and a nation, as it treats of a subject never yet handled by a French novelist, and one in which everybody is interested. It is a romance of the conflicts of human emotions, with a gay as well as a grave side, and is of intense interest. In France it is regarded as Daudet's best book, and has given rise to almost endless discussion. Daudet, who is one of the greatest novelists of present day, has called "L'Evangeliste" on fact, and one of its main elements is a strange mysticism.

PETERSON'S MAGAZINE for February is such a beautiful number, that many persons will think it even better than the January one. The principal steel-plate, "Going to School," is especially cunning; and "Two Little Rascals," printed in blue, is only less so. Then there are four colored designs in embroidery for Ladies; and a monster size colored steel fashion-plate; a beautifully illustrated story; and about fifty other embellishments. The "Professional Beauty," by Frank Lee Benedict, is continued, with increasing interest. But the most striking story in the number, one of the most striking we have read for a long while, is "The Snake Charmer." This, like all the other stories in "Peterson," is original and by an American author; a fact that can be said of hardly any other of the monthlies. The price of this magazine is but *two dollars* a year, with great deductions to clubs, so that every lady can afford to subscribe to it; and certainly no lady, no family, ought to be without it. Its enormous circulation, in which, we believe, it excels all the other lady's books combined, can alone explain why so splendid a magazine can be furnished at so low a price. Now, by-the-by, is the very time to subscribe for the new year. Specimens are sent gratis to those wishing to subscribe, or to get up clubs; and especially handsome premiums are given for getting up clubs. THE WILMINGTON POST.
W. P. CRADDOCK, Proprietor.
WILMINGTON, N. C.
SUNDAY MORNING, JAN. 21, 1883.

The Statesman now says, let the sacred cow or catechumen down, let the sheep industry thrive. Keeping the children of the state and not the children of the brothers and happy, so say all. Make North Carolina from the all old of the alphabet in point of illiteracy, and her vast resources of every description will unfold themselves, and in a short while we will take the head among the intelligent of states that boldly belongs to us.

The President of the French Republic receives one hundred and twenty thousand dollars per annum and one hundred and twenty thousand dollars for contingent expenses. The Senators and Deputies receive only one thousand eight hundred dollars per annum. The President of the United States receives fifty thousand dollars, the members of the Cabinet ten thousand dollars, and the Senators and Representatives five thousand dollars per annum.

"Stop my paper." Why, good friend? "Because it costs too much." Now, did you ever think why it costs you so much and others so little? The reason is simply this: You let your account run on too long, and pay no any years in arrears that at length the little year-by bill of two dollars has run up into a goody amount, and when you pay it, you grumble and complain because it costs so much. There are people not half as well off as you, who take the paper, pay for it regularly and never miss the paltry $2. We do not charge anything extra for this check of wisdom, but we beg you to consider it as a bit of our choice. From time to time we will endeavor to give you more of the same sort. Meanwhile your paper will be stopped, and some one will order at your discretion.

"SOCIAL" RECOGNITION vs. POLITICAL FREEDOM.

The Statesville American in a very pointed and exhaustive article on the recent political campaign, speaking of some of the Republican office holders has this to say about the Libbies—"They would a thousand times prefer affiliate with such (meaning anti-county government Democrats) than with Republican social and upon a substantial foundation of people to intelligence. It is one of good breeding, intellect and moral worth who have no social standing, and no matter how much they may be elevated to office, they are looked upon as upstarts, parvenus, mongrel and mushroom growth—the rabble of the street named accordingly—a people who have no honest opinion to any of the above named associations—a people

THE WILMINGTON POST.

WILMINGTON N. C.

SUNDAY MORNING, JAN. 21, 1883.

NEW YORK'S DEMOCRATIC REFORM MAYOR.

We see by the New York press dispatches that Kelly has captured the new retrenchment and reform mayor. In the new nominations Kelly's men were all put in and confirmed by the city council; amongst these was the well known Nichols. The *Herald* in commenting on the recent nominations says:

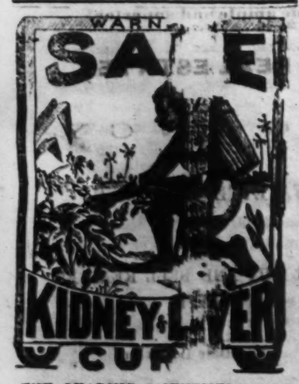
It is said by the census people that there are about a million and a quarter of human creatures resident in this city, and of all these creatures the one most unfit to be a Police Commissioner is a certain Mr. Nichols, who has held that office for some years past. Mr. Nichols has held the office longer than was necessary to prove his unfitness for it. Attempts have even been made by honestly inclined functionaries to get him out, but he was intrenched in the corrupt machinery of party and his expulsion in the interest of honest government was impossible. He held his place as John Kelly's man, and as John Kelly's man he successfully defied not merely public opinion but the whole body of the people who desire honest government. This is the man that Mr. Edson, who is called a reform Mayor, has chosen to nominate as Police Commissioner. We have not been disposed to do any injustice to Mr. Edson. We have heard that he was ashamed of the fact that he was called John Kelly's man. But if he is not John Kelly's man and does this, what could he do if he was John Kelly's man? From this nomination, and from the nomination of policejustices made by Mr. Edson, which are simply expressions of the same subserviency to Kelly, we perceive that the vilest conservative elements of city politics are dominant in the Mayor's office.

Only three months ago the people of this great city were told almost daily that the democracy had taken the Mayoralty out of the dirty pool of politics by nominating a straightforward business man, instead of a mere party hack, for an office of far more importance than the Governorship of some states. The good work accomplished by another business man, Mayor Low, across the river was pointed to as an illustration of what would happen in New York if only the people would vote for Mr. Edson, who, being a business man, would conduct the city government solely with reference to the rights and requirements of the citizens. Respectable democrats whispered to their Republican friends that there would be some amazing changes should Mr. Edson become Mayor, and many disreputable Democrats were so dismal that it seemed as if our political millennium was about to dawn.

Suppression of Polygamy.

It is evident that before any headway can be made against poligamy in Utah Congress must pass a law with more effective provisions than any now in force. At present it is practically impossible to prove a polygamous marriage. These marriages are performed in secret, without any record available as testimony. Nor is it practicable to establish the marriage by the evidence of the parties to it. Mr. Edmunds' bill provides for meeting these difficulties. It will leave the Mormons little loophole for escape from prosecution for their flagrant violation of law. It ought to be speedily passed.

WARN



THE LEADING SCIENTISTS OF TODAY agree that most diseases are caused by disordered Kidneys or Liver. If, therefore, the Kidneys and Liver are kept in perfect order, perfect health will be the result. This truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's Safe Kidney and Liver Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value, it contains just the elements necessary to nourish and invigorate both of these great organs, and safely restore and keep them in order. It is a POSITIVE remedy for all the diseases that cause pains in the lower part of the body—for Torpid Liver—Headaches—Jaundice—Dizziness—Sleeplessness—Dyspepsia—Malarial Fever, and all difficulties of the Kidneys, Liver and Urinary Organs.

It is an excellent and safe remedy for females during Pregnancy. It will control Menstruation and is invaluable for Leucorrhœa or Falling of the Womb.

As a Blood Purifier it is unsurpassed, for it cures the organs that make the blood.

This Remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLE of any medicine upon the market, and is sold by druggists and all dealers at $1.25 per bottle. For Diabetes, enquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE REMEDY.

THE WILMINGTON POST.

W. P. CANADAY, Proprietor.

WILMINGTON, N. C.

SUNDAY MORNING, JAN'Y 21, 1883.

An Angel's Touch.

One evening, not long ago, a little girl of nine or ten entered a place in which is a bakery, grocery and saloon in one, and asked for five cents' worth of tea. "How's your mother?" asked the boy who came forward to wait upon her. "Awful sick, and ain't had anything to eat all day." The boy was just then called to wait upon some men who had entered the saloon, and the girl sat down. In five minutes she was nodding, and in seven she was sound asleep and leaning her head against a barrel, while she held the poor old nickel in a tight grip between her thumb and finger. One of the men saw her as he came from the bar, and, after asking who she was, said: "Say, you drunkards, see here! Here we've been pouring down whisky when this poor child and her mother want bread. Here's a $2 bill that says I've got some feelings left." "And I can add a dollar," observed another. "And I'll give another." They made up a purse of an even $5, and the spokesman carefully put the bill between two of the sleeper's fingers, drew the nickel away, and whispered to his comrades, "Just look a-there—the gal's dreaming!" So she was. A big tear had rolled out from her closed eyelid, but her face was covered with a smile. The men tip-toed out, and the clerk walked over and touched the sleeping child. She awoke with a laugh, and cried out. "What a beautiful dream! Ma wasn't sick any more; and we had lots to eat and to wear, and my hand burns yet where an angel touched it!" When she discovered that her nickel had been replaced by a bill, a dollar of which loaded her down with all she could carry, she innocently said: "Well, now, but ma won't hardly believe that you sent up to heaven and got an angel to come down and clerk in your grocery."—*San Francisco News Letter.*

The Suzerain of Suez.

Having committed a daring burglary on Egypt by way of the Suez Canal England is determined to let no one else get in by the same hole. She therefore sends an autocratic note to the Porte insisting that no belligerents shall henceforth be allowed to use the Canal for the purpose of war, land troops on its banks or in any way imitate the proceedings of Wolseley at Ismailia. For her own part, having assumed the perpetual defence of Egypt, she is, of course, to turn the Canal to any uses that may please her. Thus, in the Parliament of the beasts, do the wolves legislate for the lambs.

Society's Mistake.

The gallows, the penitentiary, the jail, are the shame of our civilization, and the society that neglects its children and lets them grow up in ignorance and vice is responsible for the gallows, the penitentiary and jail. Society ignores the child of poverty or misfortune; friendless and guileless, he is left to work his way through our unfeeling world. He is lured into the haunts of vice—learns to steal, to drink, to murder. Then outraged society seizes him, jails him, hangs him. The neglected, abandoned child becomes the wicked outlaw for whom prisons and scaffolds are built. How much better and more creditable to our Christianity and civilization would it be if the millions that are annually spent in watching, prosecuting, punishing and feeding criminals were spent in looking after and caring for the unfortunate outcasts from whom the criminal class mainly comes, and for whom nobody seems to care.

Major Burke, of the New Orleans *Times-Democrat*, went to work in a stone yard as a common laborer just after the war. He is now supposed to be worth half a million, and to be looking towards the United States Senate.

The only dissolver of of the poisonous uric acid which exists in the blood of rheumatic and gouty patients.

SALICYLICA is known as a commonsense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only to treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uuric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER

that SALICYLICA is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly.

NEW ADVERTISEMENTS. NEW ADVERTISEMENTS.

CHEAPEST AND BEST

We are now publishing a series of Standard and Popular works that we believe will be found the cheapest and best books ever issued. They are all printed from large, clear type, on good paper, and very attractively bound in cloth, making them an ornament for any library. We are also publishing a new series under the name of "Lovell's Library," that gives all the best Current and Standard Fiction at prices equally as low as the paper covered novels of the day. These are large quarto broadsheets we have adopted a new form for cheap publications, with handsome cover, using large, clear type, mostly long primer, so as making the number worthy of preservation.
